Moonlighting

He sees her [C]at the same time every night, at the Mexican [G]discotheque
She [G7]gives him French kisses, he [C]gives her French cigarettes
[C]They sit at the same table every time, [C]The lights are low, but their eyes shine
Just [G]digging the music from those sweet soul bands
[G]She keeps him outta fights, holds on to his hand
He [F]whispers slowly [G7] "Tonight's the night"
[C]Months of planning so it's [F]gotta be right
[F]Under the table her bag is [G7]bursting at the seams
[C]She made sure to bring [F]everything
CHORUS: Moon[C]lighting, they're leaving everything
Moon[G]lighting, they're losing all their friends
Moon[C]lighting, it's the only way
It's [G]frightening, but it means they'll stay to[F]gether
They're gonna make it to[C]gether, ohohohoh[G7] oh
[G7]His [C]blue Morris van is parked in an alley, Just by Montague [G]Street
His [G7]friend Eddie he did the respray, So he couldn't [C]drive it all last week
[C]And it cost most of the money that he had saved up, [C]To pay Eddie's re[G]ceipt
[G]But he figures it's worth it 'cos the disguise is a must
[G]When they go missing they're gonna look for the van first
[F]She whispers [G7]slowly "It'll be alright
I [C]took some cash from my [F]building society
[F]And my monthly cheque came in just [G7]right"
